Recycled silage top sheet

Recycling of plastics has evolved from a niche trend to a social demand. No matter if it's bottles, clothing or silage sheets.

trilen® Twin weiß

- top sheet and cling film on one roll
- 160 µ for optimum protection
- easy handling (only one work step)
- adapts perfectly to the silage surface
- top sheet white, 12 months UV guarantee (Northern and Central Europe)
- installation tips on each roll
- elastic and robust

trilen® 150 UV18

- 150 µ black PE silage film
- 60 % recycled plastic
- manufactured on state-of-the-art facility for outstanding mechanical strength
- 18 months UV guarantee (both sides, Northern and Central Europe)*
- high dart drop

trilen® 120 b/w & 150

- 120 µ / 150 µ PE film white-black
- robust market standard quality
- 12 months UV guarantee (Northern and Central Europe)

PE 120 & PE 150 are the classics among silage films. We offer standard market quality at a fair price – without quality restrictions.

PE 150 is not a stock item and therefore is only available with a pre-order.
